

Customers: Do Not Use Doxo to Pay Your Bill

Attention Customers

It has come to our attention that some customers are using an online vendor named Doxo in an attempt to pay their sewer bills. BASA would like to inform all customers that BASA is not affiliated with Doxo and this vendor is not authorized to take online payments for BASA. We recommend customers do not use this service.

BASA may not receive payments from Doxo on time, and customers who've paid their bill with this vendor could unfortunately acquire late fees because BASA has no record of payment on their account.
